

Assignment 5

Write a data report on women's participation in the US labor force. Give insights on how women's participation in the labor force changed over years. Break down the subject by age, marital status, race and ethnicity, STEM and non STEM fields. Finally, show how the women labor force was impacted by COVID-19

Tasks

1. Create a webpage to present your data report. Use Google sites for this purpose. Follow the [link](#) to learn how to use Google sites
2. The reports must include interactive time series plots. Use DataWrapper to create the time series plots.
 - a. Follow the [link](#) to learn how to create line graphs in Datawrapper
 - b. Follow the [link](#) to learn how to publish a chart from Datawrapper and include in your website
 - c. [Optional resource](#) on how to use Datawrapper
